GENERAL NOTES

1. Transport for London (TfL) is required to consult relevant London highway, police and certain other authorities on proposals by licensed PSV operators to operate London Service Permit services i.e. bus services that do not form part of the London bus network and are not secured by or operate under agreement with London Buses. The information shown in Sections 2 and 3 of this Bulletin should be regarded as the formal consultation by Transport for London to relevant authorities as required under s186(3)(c) of the Greater London Authority Act 1999 in relation to LSP proposals.

2. Unless stated elsewhere in this Bulletin, any observations or objections in response to LSP proposals contained in Sections 2 and 3 must be made in writing and submitted to TfL at the address shown on Page 1 by the stated closing dates for comments (generally 28 days from the issue of this bulletin).

3. In deciding whether to grant an LSP application, TfL is required to have regard to the Mayor of London's Guidance Document containing the criteria by which applications are to be considered. The Mayor's Guidance Document and an explanatory note on the LSP process may be accessed from the TfL website at <https://tfl.gov.uk/info-for/suppliers-and-contractors/london-service-permits?intcmp=3396>

4. Applications for a new LSP or to vary an existing LSP may be made electronically from the TfL London Service Permits website at <https://tfl.gov.uk/info-for/suppliers-and-contractors/london-service-permits?intcmp=3396>

5. In cases of LSP services which cross the Greater London boundary, the operator must ensure that the service has been registered with the appropriate Traffic Area.

6. The LSP Bulletin is normally published every fortnight and is issued to the following authorities:

all London Boroughs, the City of London and the City of Westminster;
County Councils adjacent to Greater London;
Unitary Authorities adjacent to Greater London;
the Metropolitan Police and the City of London Police;
the London TravelWatch;
DVSA, Leeds.

SPECIAL NOTICES

London Service Permits

Accessibility standards for PSVs

The Public Service Vehicle Accessibility Regulations (PSVAR) 2000 apply to all vehicles with a passenger capacity in excess of 22 used on local and other scheduled services (subject to a very limited exemption for heritage vehicles). PSVAR applies to all services under operated under London Service Permits.

For further information, including deadlines by which existing vehicles must be compliant, please see:

<https://movingon.blog.gov.uk/accessibility-standards-for-public-service-vehicles/>

LSP Applications

Operators are reminded that the standard notice period for all new LSP applications and variations to existing Permits is 12 weeks.

Please note that with immediate effect, applicants will no longer be asked to automatically submit a remittance cheque for new Permits on application. Applicants will instead be invoiced with details of how to make payment by bank transfer or cheque.

Canary Wharf, Canada Square Stop H

Canary Wharf Management Ltd has informed TfL that Stop H in Canada Square is now at capacity. We will therefore not be accepting any applications for additional services at this stop until further notice.

Great Tower Street

Access to Great Tower Street from Byward Street is not permitted at any time unless directed by City of London Police. This junction forms part of the City of London security cordon and as such access is strictly confined to limited and pre-agreed TfL bus network services and rail replacement services operated on behalf of TfL. The junction is monitored continually by City of London Police via CCTV.

LSP0674: Business B t/a The Expeditional, Route SP1 (Circular from/to Belvedere Road coach bays)

Route SP1 does not currently have a permanent stand. As a temporary arrangement the route is operating from available coach bays along the Embankment, pending an application for a new terminus point.

Diversions

York Road, Waterloo

Until further notice, the tour bus stop on York Road northbound (BP3229) will be closed. Tours bus will be relocated to bus stop F (4745), located to the south of the junction with Chicheley Street.

Tooley Street

Due to Network Rail's redevelopment of London Bridge Station, Tooley Street is currently closed eastbound only until approximately May 2018.
